TIMES AVAILABLE

9-12

1-4

**Age group: 6-10**

TIME AVAILABLE

9-12

What was life like amongst the dinosaurs? Or maybe back in the days when people rode horses everywhere? Let's travel in time back and forth to different years and learn about animals and people in the past. We will learn about a time with dinosaurs and cavemen. We will move through time and talk about when people rode horses and when electricity was invented. Do you think we'll live on different planets in the future with aliens?! What time period do you want to see?

## Toy Shop

**Age group: 6-10**

TIME AVAILABLE

1-4

This week, makers will explore a variety of building techniques to design and create the most awesome playthings. We will use tools, wood, and wheels to create rolling toys, we'll even use recycled materials to invent games and activities that will keep campers engaged. On the last day of camp, we will collaborate to create a child run pop-up market for those who would like to sell their creations. Kids will learn about design, craftsmanship, safety, business, marketing, and more, all while learning the target language and having a blast.

## Broadway

Magic tricks are an endless source of fascination for many children, so learning how to perform some tricks can be terrific entertainment and a great opportunity to learn the target language. Some tricks can help children improve their manual dexterity, while others simply help kids step outside of their comfort zone and learn that performing can be fun. At the end of the week, campers will perform to their classmates their favorite magic tricks in a magic show conducted entirely in the targeted language.

## STEAM Let's Discover

Age group: 6-10

TIME AVAILABLE

1-4

Celebrating STEAM, campers will build their own creations using common household items! STEAM stands for Science, Technology, Engineering, Art, and mathematics and requires its builders to think outside of the box to solve problems. Campers will learn how to collaborate with others and talk about their creations in the target language. We'll have a blast building tall towers, and simple machines, and learn basic coding together. Let's discover together in camp STEAM: Discover!
